Professional Summary

Creative and technical Full Stack Developer & Project Manager with 10+ years of experience leading software, design, and digital teams in fast-paced, remote-first environments. Skilled in building scalable web apps, managing cross-functional teams, optimizing SEO architecture, and delivering high-impact digital solutions. Proven ability to own the full project lifecycle, mentor junior developers, and bridge technical and strategic gaps between stakeholders. Seeking remote opportunities in **game, app, or web development** where design thinking and systems thinking meet.

Key Skills

Frontend & Backend: React, Next.js, Node.js, Django, Express, MongoDB, PostgreSQL, RESTful APIs

Project Management: Agile/Scrum, Jira, Documentation, CI/CD, Stakeholder Communication

SEO & Optimization: Technical SEO, Site Performance, Accessibility, Metadata Strategy

Design & Architecture: Figma, Adobe Creative Suite, AutoDesk, Rhino, UX/UI Systems

Soft Skills: Leadership, Mentoring, Communication, Team Building, Problem Solving

Professional Experience

American Society for Metabolic and Bariatric Surgery (ASMBS)

Lead Full Stack Developer (Contract)

Mar 2025 – May 2025

- Maintained a Symfony-based association management system (AMS)
- Earned official backend certifications via SymfonyCasts, demonstrating expert-level PHP skills
- Maintained and updated the organization's WordPress CMS, improving speed and SEO

General Assembly (Remote)

Supervisor of Engineering – Instructional Team

Aug 2020 – Feb 2024

- Led Agile dev teams while training junior engineers in modern full-stack practices
- Created multiple boilerplate apps and dashboards using **React, ExpressJS, Django + PostgreSQL** to improve internal operations
- Taught SEO optimization, Git workflow, and documentation best practices across bootcamps
- Rebuilt student evaluation tooling for accuracy and clarity using pSQL
- Mentored over 150+ developers, many now working in major tech firms

Associate Engineer

Sep 2019 – Aug 2020

- Supported instructional development of web projects in **React**, **Express**, and **MongoDB**
- Managed concurrent internal dev initiatives with a focus on accessibility and versioning
- Presented team metrics and refactored legacy codebases to support scalable learning

Perkins & Will (Chicago, IL)

Architectural Designer / Brand Specialist

Jul 2016 – Sep 2019

- Led branded environment projects using 3D and CAD tools
- Managed large cross-functional teams with Agile-inspired sprints
- Streamlined project deliverables by 15% through documentation and scheduling systems

Quartet Digital (Evanston, IL)

Product Manager

Oct 2012 – Jun 2014

- Led design/dev teams to deploy web applications for Fortune 500 and university clients
- Integrated SEO strategies into new web app offerings
- Owned production timelines, vendor relations, and new product development
- Piloted a new digital department, increasing revenue and reach

Education

Software Engineering Fellowship – General Assembly

Chicago (2019)

- Intensive full stack training in modern tech stacks and agile delivery

B.S. Architectural Design – University of Florida

Gainesville, FL

- Focus in formal analytical methods, systems thinking, team leadership, and digital architecture

Certifications & Additional

- SymphonyCasts Backend Developer Certificate (2024)
- Unity Game Development – Udemy
- Unreal Engine Development – Udemy
- Godot Engine Projects – Udemy
- Google SEO Fundamentals – Coursera
- Fluent in project tracking tools: Jira, Trello, Notion
