Playwright · Jest · CI/CD · Docker
· Vercel · Godot (GDScript)

EDUCATION

B.S. Architectural Design
University of Florida, 2012

A.A. Architecture / Computer
Science
Santa Fe College, 2009

Software Engineering Immersive
General Assembly, 2019

I'm a generalist by accumulation. I studied architectural design, moved into print production, and then spent years in signage and wayfinding. At every step I was also managing projects and training the people around me, and I carried that into software, where I spent five years leading engineers. Since 2024 I've run my own studio, plus **weatherstew**, an indie game studio with a published title. I'm looking for a project, production, product or design leadership role.

EXPERIENCE

Founder & Lead Developer

2024 - Present

TRStudios LLC · Highland Park, IL / Remote

- Own scoping, design, build, QA and launch for production React, Next.js and TypeScript products across political campaigns, legal, home services and consumer wellness; 15+ client projects since 2024.
- Ship through Git-based CI/CD with Vercel preview deployments; write Playwright suites and run accessibility and SEO/AEO testing before every launch.

Manager, Software Engineering (Contract)

2025

ASMBS · American Society for Metabolic and Bariatric Surgery

- Updated a national medical association's WordPress site and Symfony member system (PHP, MariaDB) with no payment downtime, merged duplicate member records without data loss, and shipped 10+ features.

Lead Instructor, Software Engineering

2019 - 2024

General Assembly · Chicago, IL / Remote

- Supervised about ten instructors and teaching assistants across concurrent remote cohorts: onboarding, scheduling, performance feedback and escalations.
- Taught daily cohorts of 15 - 25 and mentored 150+ developers into the industry; ran Agile ceremonies, milestone planning and weekly code review.

Print, Signage & Branded Environments

2012 - 2019

Chicago, IL · Print production, sign fabrication & environmental graphic design

- **Branded Environments Designer, Perkins&Will** (2016 - 19): designed, planned and implemented signage and wayfinding systems for projects worldwide alongside architects and engineers, and managed projects from the design side.
- **Project Manager, FastSigns** (2014 - 16): managed signage projects for large college buildings, including Northwestern University's; led teams on scope, schedule and resources to deliver on time and on budget.
- **Production and Project Manager, Quartet Digital Printing** (2012 - 15): ran production for a crew of about 20 across three locations, covering high-volume print, large-format, bindery and finishing; managed staff, inventory and equipment, and raised output and cut costs for Fortune 500 and university clients.

Manager, Coffee Stand & Book Buying

Early career

Independent bookstore · Gainesville, FL

- Ran the café and the used-book buy/sell desk through peak semester rushes: staffing, inventory, pricing and cash handling.
